

The Roman Ceramics from the Camp of Drajna de Sus
(The 1992 archaeological campaign)
(Summary)

In 1992 inside the Roman camp from Drajna de Sus (Prahova County) there were discovered many ceramic fragments (amphorae, pots, bowls, plates, cups), dated during the I-II centuries AD according to the analogies. The ceramics from Drajna de Sus is in fact dated during the time of function of the Roman camp, that means 101-117 AD.
