

PIESE DE ECHIPAMENT MILITAR DESCOPERITE ÎN CASTRUL DE LA MEHADIA

Paul Dinulescu

Cuvinte cheie: echipament militar, castru, import

Key words: military equipment, fort, import

***Abstract:** Although the archaeological research from Mehadia were started again recently, they were very successful as there were discovered (during the excavations) some military pieces. This article analyses the military equipment pieces from this fortress. We are presenting here four bronze pieces, which based on analogies, can be found all over the Roman Empire. All of them were obviously imports.*
