ATELIERELE DE OLĂRIE DIN VICUS-UL MILITAR DE LA BUMBEȘTI-JIU

Victor Bunoiu

Cuvinte cheie: vicus militar, atelier, cuptor

Key words: military vicus, workshop, kiln

Abstract: The pottery production it's a very important element in the economic structure of roman Dacia. Through archaeological reserches it was proved that civil settlements near roman camps from south Dacia have a significant role in pottery production. This is also the case of military vicus from Bumbesti-Jiu where were discovered workshops and kilns who serve in this economic activity.
